GERMAN SEA RAID MADE ON BRITAIN; SPY SECRETS IN WOMAN'S KEEPING

BILL PLANS FOR DRAFT OF MEN WHO ARE NOW 21

Chamberlain Introduces Measure for Calling of Those Attaining Majority Since June 5

INCREASE IN AGE LIMIT IS OPPOSED

Congress May Sanction Furloughs From National Army As An Aid in Agriculture

WASHINGTON, Jan. 15.—At the request of the war department today Senator Chamberlain of the Senate introduced a bill for the registration for military duty of all men who have become 21 years old since June 5, 1917, when the draft law went into effect.

Another bill which Senator Chamberlain introduced at the request of the administration would provide for furloughing national army men for harvesting crops and other agricultural duty.

Another bill would put the quota of the state on the basis of available men in the first class instead of on population.

In determining upon the registration of men who have become 21 since the draft law was enacted the war department has rejected any plan to raise the age limits of the draft to take in men more than 21.

Registration of men who have become of age since the draft law was enacted was referred to in the recent report of Provost Marshal General Crowder as one of the means by which a supply of men for the national army might be assured without taking those who might have others dependent upon them.

It could be done also, the provost marshal general pointed out, by extending the age limits above the present line of 21.

WOULD ADD 700,000 MEN YEARLY

The war department has adopted the first suggestion. It is estimated that it will add about 700,000 men to the draft available each year.

Congressmen have been advised that further legislation would be necessary to perfect and carry on the draft, and the passage of Senator Chamberlain's bill with administration support is expected promptly in both houses.

Another bill introduced by Senator Chamberlain would provide a distinctive badge or button for exempted men.

The bill changing the basis of state quota is believed to provide a more equitable system as it will exclude entirely enemy aliens from the basis.

Enemy aliens were included in the basis for the first draft and there was some complaint. Heavy enemy alien populations in some congested districts forced Americans to army duty regardless of exemption claims to make up district quotas.

FURLOUGHS FOR AGRICULTURAL WORK

The bill to permit troops to go to agricultural work merely would authorize the secretary of war to furlough men for civilian duty. It is known, however, that the war department intends to use the authority principally to provide men for harvest time and other agricultural work vital to the food supply.

To facilitate collection of private insurance policies held by troops, another bill would require private insurance companies to accept the official army record as proof of death of men among the army insured. It is desired to meet the cases of men reported missing to which there is no actual proof of death.

In case of payment by insurance companies upon policies held by men reported missing and who later should appear, the bill provides for reimbursement to the insurance companies by the government.

These two Alameda County men were aboard the American-Hawaiian steamship Texan when she departed from an Atlantic port for Europe. Their fate is a mystery. At the top is Arthur R. Odette of Berkeley. The picture at the bottom is that of W. V. Keefe of San Leandro.

ALAMEDANS AWAIT WORD FROM TEXAN

Twenty-four hours of anxious waiting has brought no further word from the American-Hawaiian steamship Texan, the giant freighter reported sinking 400 miles off the Atlantic coast yesterday. Save the brief wireless despatch picked up by a coast naval radio station telling that the crew of sixty-three were taken to the boats and the final farewell of the wireless operator as the water reached his instruments, the owners of the vessels have had no word.

Three families in Alameda county and one at Vallejo are waiting hour by hour for news. In Alameda, the mother of Captain Arthur R. Odette, commanding officer of the Texan, is in the family home, 1304 Park street, silently hoping that all is well.

Captain Knight has a wife and two children at that address. His wife received a letter from him just a few days ago in which he said he was about to leave on the Texan for France. That is the last message she received.

In Berkeley the mother of Arthur R. Odette, second assistant engineer of the Texan, Mrs. William H. Odette, is praying for her boy's safety. In San Leandro relatives of W. V. Keefe, third assistant engineer, are waiting additional news of the reported disaster.

In Vallejo Captain Potvin of the Monticello Steamship Company is seeking news of his son, a quartermaster on the Texan.

Captain Knight has been a resident of Alameda for many years. Owing to his absence at sea he has never voted. He was formerly on the San Francisco-Honolulu run, but later was transferred to the Atlantic coast.

DRAFT ALEXANDER

LINCOLN, Neb., Jan. 15.—Grover Alexander has been drafted and placed in the first class.

"Yes, sir, I'm drafted," said Alexander over the telephone this afternoon. "I just got my card from St. Paul, Neb., and I've been placed in class one, division A. Don't know when they will call me up for examination."

Alexander has been spending the winter in Omaha.

WHEATLESS, NET SPREAD MEATLESS FOR TEUTON DAYS TO BE PLOTTERS PUT IN LAW IN AMERICA

Congress Gives Great Powers to Wilson to Compel Food-Saving in All U. S. Kitchens

HOOVER'S AUTHORITY HAS BEEN ENLARGED

Control of Print Paper Before the Senate; Many Solons Are Preparing Peace Talks

WASHINGTON, Jan. 15.—Sweeping powers to compel food conservation in every American kitchen are given the President in a bill introduced by Senator Pomerene today.

The bill is aimed primarily at proprietors of restaurants, and public eating places, but it is also broad enough to include domestic consumers.

Specifically the measure provides that the President may limit or discontinue entirely the use, also manufacture or distribution of foodstuffs to the extent he deems necessary from time to time.

Administration bills empowering Herbert Hoover to enforce wheatless and meatless days and stipulate bread, if necessary, have been introduced.

As drawn by Senator Pomerene and Representative Lever at the suggestion and with the aid of Food Administrator Hoover, the measures provide:

Authority to compel observation of meatless and wheatless days; license hotels and restaurants; control milling concerns to increase the flour output; however to enforce substitution of greater quantities of rice flour and cornmeal for wheat flour; authority to compel use of locally manufactured products with a view eliminating cross-hauling—and other measures necessary for greater food conservation.

While the administration declares the new steps are vital to successfully feeding the allies and prosecuting the war, there will be a violent, though probably not prolonged fight, against enactment of the legislation in both houses.

The old cry of government usurpation of power is expected and Senator Reed, original anti-Hooverite, has stated he will have "something to say on the legislation."

RAILROAD PAY BILL IN COMMITTEE

In both houses the railroad bill is in committee. It seems unlikely that either committee will amend the bill as the railroad companies have refused to pay the basis for computing payments to the roads instead of the past three years.

The Senate votes late today on the Smith bill, putting production and distribution of print paper under government control.

Meanwhile, the Senate is preparing for another peace movement. Many Senators are writing speeches and preparing resolutions.

These resolutions will express America's sympathy for Ireland, Greece, Poland, Lithuania, Russia, Serbia and other countries that occur to the members of the Senate.

Lithuania, Russia and Serbia are to be sympathized with by Senator Knox and Senator Penrose, Pennsylvania, in whose State many naturalized Lithuanians, Russians and Serbians live. Senator Lewis, Illinois, and Senator Lodge, Massachusetts, are likely to discuss the Irish question.

Either Senator Calder or Senator Wadsworth, New York, probably will cover the Greek situation.

A few Senators also will discuss President Wilson's recent war aims speech and Senator Lewis' resolution pledging Congress' support to the President in the achievement of these aims.

The date for "Peace Day" is indefinite because of the great number of speeches being prepared.

Congressional investigation of "slender charges" against the character of American troops abroad, alluded to have been circulated by the Anti-Saloon League, was proposed in a resolution today.

ST. PAUL, Jan. 15.—Testimony that the capital stock of the South St. Paul Stocking Company was raised from \$1,000,000 to \$2,000,000 when the Swifts agreed to build their plant there was given at today's session of the Federal Trade Commission's hearing by A. A. McKelvie, secretary of the Stocking Company. The extra stock he said had been given to the Swifts.

Rumanian Delegates In Petrograd Thrown Into Prison By Bolsheviki

Approaching Fall of Von Hertling at Berlin Expected to be Followed by a Renewed Ascendancy of the Junkers

MILITARIST DICTATOR EXPECTED

AMSTERDAM, Jan. 15.—A meeting of the Fatherland junkerite party at Jena was recently transformed into a peace conference, according to the Leipziger Volkszeitung today. Four thousand persons in the audience stormed the platform, ousted the Pan-German speakers and adopted resolutions declaring for peace negotiations.

STOCKHOLM, Jan. 15.—All the members of the Rumanian legation in Petrograd have been arrested at the instance of the Bolsheviki government, said a despatch from Haparanda today.

For some time the Bolsheviki government and the Rumanian diplomatic staff in Petrograd have been at loggerheads over the accusation that the Rumanian army was giving aid to the counter-revolution led by the Ukrainians and Cossacks.

Blistering dissensions are reported to have broken out at Petrograd between the Bolsheviki and the anti-Bolsheviki political factions over the situation which has developed in the Russo-German peace negotiations. Although the anti-Bolsheviki press is condemning Foreign Minister Trotsky for not breaking off with the Central powers, it frankly admits that the Russian army is in no condition to renew hostilities.

An attempt is being made to turn the Petrograd garrison against the Bolsheviki regime, it is reported, so that a combined military and political fight can be made to overturn the government.

GERMANS ANGERED BY ARMY SWAY AT BREST

AMSTERDAM, Jan. 15.—A big shake-up in the German government loomed imminent at Berlin today as a result of the struggle between the militarists and the liberals.

Now that the Kaiser has aligned himself with the Junker group, the prediction was made today that Count von Hertling, the chancellor, and Dr.

(Continued on Page 2, Col. 4)

CAILLEAUX ARREST DUE TO LANSING

BY ASSOCIATED PRESS
LEASD WIRE TO TRIBUNE
PARIS, Jan. 15.—The arrest yesterday of former Premier Cailleaux was due principally to a cablegram from Secretary Lansing at Washington saying that in 1915 M. Cailleaux had been in communication with the Berlin foreign office.

Secretary Lansing's cablegram stated that the American representative at Buenos Ayres had been able to establish that M. Cailleaux, during his visit to Argentina in 1915, had been in communication with the Berlin foreign office through Count von Luxburg, then German minister to Argentina, with the object of concluding peace with Germany at any price, so as to permit the resumption of business.

It is understood this evidence will be published in America immediately. M. Cailleaux called for South America in November, 1914, going first to Brazil and then to Argentina. Something of a mystery was made of his trip. The general explanation was that he had been entrusted with an economic mission, but it was reported that the French government's real purpose was to bring about his removal from France on account of the feeling against him in certain quarters.

LATER HE MAKES VISIT TO THE HAGUE

Later he made a visit to The Hague, which attracted attention because of the presence there at the same time of members of the German Reichstag. Shortly afterward came his trip to Rome.

WASHINGTON, Jan. 15.—Inasmuch as the Cailleaux case is in a judicial state the United States will not publish any documents upon it which have not been arranged for in advance with the French government.

So far as can be learned no such arrangements have been perfected today, but the despatches and many others undoubtedly will be given out if France requests it.

This is the first hint that the Luxembourg correspondence contained anything pertaining to the Cailleaux case. The disclosure aroused speculation as to how many other international bombshells might be contained in the telegrams of Germany's minister to Buenos Ayres. The disclosures made so far by the state department, it is known, have not exhausted the supply of captured telegrams. The full nature of the reserve is a mystery.

The arrest of former Premier Cailleaux is commented upon at great length by the newspapers of Paris, which in general take the view that the government would not decide upon this action if it had not obtained evidence of the gravest character. Most of the newspapers welcome the government's action.

ITALIAN INVESTIGATION BRINGS FORTH PLOT

The investigation of the Italian connections of former Premier Cailleaux, who was arrested yesterday, is said by the Mail to have resulted in the discovery of important military and political papers in the safe of the bank at Florence which was rented under the maiden name of Mme. Cailleaux and used by the former premier during his visit to Italy in December, 1915. Among the papers found there, the newspaper asserts, were a number of notes in which M. Cailleaux, in the expectation of gaining office as premier, drafted a cabinet, designated a generalissimo and sketched various "exceptional measures."

YARMOUTH IS SHELLED BY TEUTON WAR CRAFT

Night Bombardment of English East Coast City Results in Death of 3; 10 Injured

TWENTY SHOTS FIRED IN RAPID SUCCESSION

Many Roofs and Chimneys Are Smashed; Attack Is Made by Cruiser or Large Submarine

LONDON, Jan. 15.—Yarmouth was bombarded from the sea last night, Lord French, director of home defense, reported today.

Twenty shells were hurled into the port. Three were killed and ten injured.

The damage was not serious, French declared. The bombardment continued for five minutes.

The fusillade was carried out with extraordinary rapidity. Shells burst over various sections of Yarmouth and many roofs and chimneys were smashed.

Of the killed one was a sailor on a ship anchored in the harbor and one a woman in a wrecked house. There were many narrow escapes and some damage, but no panic in the town.

The Germans carried out their bombardment with a coral system. The first shell fired was a star shell, the light from which vividly showed the town below it. Then came the hurtling salvo of shells.

The German craft was believed either to be one of the largest and newest types of German submarines or a cruiser.

The following official announcement was given out:

"Yarmouth was bombed from the sea last night by the largest and newest types of German submarines or a cruiser.

The latest police reports state that three persons were killed and ten injured. Material damage done was not serious.

ITALIANS INFLECT HEAVY LOSSES

The official statement does not specify whether the guns with which the seaport was bombarded were those of a German cruiser or a submarine, but the latter appears most likely.

Germany's super-submarines carry comparable armaments to those of the seaport on the east coast of England, nineteen miles east of Norwich. It is a popular watering place and has extensive dock yards.

Yarmouth was attacked by light German sea forces on November 2, 1914. On December 16 German naval forces made another raid against the English coast, shelling West Hartlepool, Scarborough and Whitby, killing 127 civilians. Recently it was officially announced in the House of Commons that a German destroyer had sunk several merchant ships off the mouth of the Tyne river.

BELIEVED WORK OF SUBMARINE

ROME, Jan. 15.—By an attack on the Monte Azzone region, on the northern front, the Italians have gained considerable advantages and inflicted very heavy losses on the enemy, the war office announces.

COPENHAGEN, Jan. 15.—Formal denial that Germany intends treating American prisoners of war in a "more severe manner than any other prisoners" was received here in Berlin despatches today.

The German general staff stated that America seemed to derive its information from irresponsible sources who are seeking to stir up hatred.

BY INTERNATIONAL NEWS SERVICE
LEASD WIRE TO TRIBUNE
PARIS, Jan. 15.—Voluntarily fighting on the Yser front is reported in today's official communication. It follows:

"On the right bank of the Meuse (Verdun front) there were violent artillery actions late in the night in the sector between Namur and Dinant. The French were very active. Elsewhere the night was calm."

RENNAN (via London), Jan. 15.—Italian attacks on the Tatic line in the Monte Azzone and Monte Pertica sectors yesterday broke down with heavy loss to the German headquarters announced today.

DROP MESSAGES

AMSTERDAM, Jan. 15.—The newspaper La Nieuwspost says that a number of allied airplanes last Thursday dropped a thousand copies of President Wilson's message to Congress on occupied areas in Belgium.

FINANCIER IS FOUND DEAD BY HIS WIFE

Frank Howard Brooks, 70, one of the best known figures in local Masonic circles, former Oakland banker and early resident, was found dead by his wife, Mrs. Brooks, at their home in Lafayette this morning. He had died alone. The coroner of Contra Costa county will hold an inquest tomorrow.

Brooks was a member of the Oakland Chapter, No. 23, of the Royal Arch, at Scottish Rite cathedral, last Saturday night. It was the thirteenth time that he had received that office and considerable ceremony attended it. Brooks seemed affected by the attention paid him. The next morning he left for Lafayette, his wife to come later. When she arrived this morning, she found Brooks on the floor dead.

He was a native of Pennsylvania, and came to California in the early 60's. He was immediately identified with Masonic activities and became high priest in 1882. His Masonic career included the pastmastership of Live Oak Lodge, No. 61, under whose auspices his funeral will be conducted, and various offices under the Royal Arch. He was prominently connected with the early banking history of the city, having been cashier of the old California Bank and the Union Savings Bank in his time.

Brooks is survived by a widow, a daughter, Miss Ida L. Brooks; a son, Charles L. Brooks; a sister, Mrs. Charlotte L. McKeever, all of Oakland, and two brothers, James Brooks, of this city, and Newton M. Brooks, of Washington, D. C. The arrangements for the funeral have not yet been made.

NAME ECCLESTON

J. F. Eccleston, cashier and secretary of the Oakland Bank of Savings, was appointed first vice-president yesterday at the annual meeting of the board of directors. The other officers remain unchanged.

W. W. Garthwaite, president; William B. Dunning, Henry Rogers and W. K. Cole, vice-presidents; Samuel Brock, P. A. Allard, Arthur W. Moore and G. W. Ellis, assistant cashiers; J. A. Thomson, David A. Bulmore, trust officer; E. A. Allard is manager of the seventh street branch; G. W. Ellis, manager of the East Oakland branch, and L. L. Hutchins, assistant manager of the Berkeley branch. The board of directors is composed of A. Dorland, Arthur H. Brock, W. K. Cole, George H. Collins, W. B. Dunning, J. F. Eccleston, W. W. Garthwaite, James K. Moffitt, M. L. Regan and Henry Rogers.

PILES CURED IN 6 TO 14 DAYS. Druggists refund money if PAZO OINTMENT fails to cure itching, blind, bleeding or protruding piles. First application gives relief. 50c.—Ad. ritement.

OAKLAND BOY VISITS HIS HOME FROM WAR ZONE

Harold Biote, 23-year-old son of Edward R. Biote, deputy city treasurer, and a member of the first Stanford ambulance unit to volunteer for service in the war zone, along with scores of other youths from various American colleges, has just returned to the home of his parents, 250 Park View terrace, fresh from stirring scenes and happenings of the war zone.

Young Biote joined the United States ambulance service when this country went into the war. With his companions of the Stanford unit, he preferred the regular service, and the unit went overseas in the 11th ambulance corps. A four-hour per visit home before again going into active service. He brings many thrilling tales of the battlefield.

Biote expects to return within a few weeks to his unit.

ALAMEDA TO BUILD MORE BIG VESSELS

Twelve ships of 10,000 tons each are to be constructed at the Alameda and San Francisco plants of the Union Iron Works at a cost of \$30,000,000, according to telegraphic information received by the Bethlehem Shipbuilding corporation, the holding company, from the United States Shipping board.

The contracts have just been awarded by the Government as an emergency war measure. They will mean the employment of 5000 additional men in Alameda, and will give employment for more than 14,000 men for a period of at least two years. The Union Iron Works will make additions of four extra slips to the present equipment in the Alameda estuary plant, to meet the awards.

Plans for the increased work which will tax the Union Iron Works to its capacity in order to fill the government orders within the time specified in the contracts, have been made in advance by J. W. Powell of the Bethlehem Shipbuilding corporation, who came to the coast several weeks ago in anticipation of the coming work.

The authorization for the addition of the extra slips and other improvements necessary to carry out the immense contract was given by the Federal shipping board in its telegram notifying the company of the awarding of the work to the Pacific Coast.

AMAZING GERMAN PLOT DISCOVERED

(Continued From Page 1)

magazine within the important naval zone at Hampton Roads, had been tried by intelligence men and justice department agents.

Though he wore the uniform of the United States army, the men dozing him penetrated the disguise, and never letting him out of their sight, finally tried him to the magazine near Newport News, where, it is claimed, he tried to blow it up.

BEAUTIFUL WOMAN PLAYS PART IN ARREST

A beautiful woman is said to have been in the unending, though officials here are reticent to reveal what part she played in his detention.

Documents found on Sporemann, who, it is alleged, had been in an alliance with the notorious E. E. Ed, German attaché, that he was well supplied with the Kaiser's funds and that he worked with the aid of prominent persons, including one woman. Sporemann's brother, Frederick, was arrested here last night as a German spy and is said to have revealed important information about Walter, whom he disliked.

As officials pieced together the remarkable tale surrounding Walter Sporemann's activities, it runs like this:

Coming here from Bremen in 1910, he established a residence in this city. Before the war he apparently established relations with E. E. Ed, getting thousands of dollars from him to finance his German work.

When war with Germany broke out Sporemann gathered in several American army uniforms, which, with a German army suit, were found in his room here.

WAS NOT SUSPECTED UNTIL FEW WEEKS AGO

But not until some weeks ago did his work attract particular attention. Then, it is claimed, his uniform and the woman with whom he associated formed a combination of circumstances which uncovered his real role. At that time he was evidently gathering data about Camp Meade and other military stations. There he was traced to Newport News. There he readily found work at the aviation field, and, it is claimed, made one unsuccessful attempt to blast the magazine. Sentries fired on him, but he returned the following day.

An officer making his way past several sentries spoke in German to Sporemann. He pretended not to know. But when the officer mentioned a social affair which had occurred here Sporemann immediately became friendly. The officer, pulling a gun, arrested him.

Officials at Norfolk quizzed him in the hope that they might ascertain something of the fire in the business section about two weeks ago, but Sporemann was silent. He is an intelligent man who speaks English without an accent, as well as several other languages.

A Baltimore music teacher, a woman, is expected to be arrested today. The federal agents have in their possession photos of the woman and Sporemann.

SPOREMAN IS TAKEN TO BALTIMORE TODAY

RICHMOND, Va., Jan. 15.—Walter Sporemann, arrested near Morrison, Va., on the charge of attempting to set fire to the army magazine near there, and who was brought to Richmond and held in the city jail this morning, is being taken to Washington this afternoon in charge of Federal officers, presumably on the way to Baltimore.

JERSEY CITY, N. J., Jan. 15.—That William Mersheimer, son of the inspector-general of prisons in Germany, was an accomplice of Walter Sporemann, arrested at Old Point Comfort yesterday after attempting to fire an aviation magazine, was the belief today of Department of Justice agents here. Mersheimer is held here on a charge of having guilty knowledge of recent Brooklyn water-tower fires.

Government agents arrested Mersheimer following his arraignment for failure to properly answer his questionnaire. Mersheimer denies all knowledge of Sporemann's activities.

GERMAN IS FOUND HANGING TO A TREE

YUMA, Ariz., Jan. 15.—Hanging by the neck to a limb of a tree, his hands tied and in his pockets \$1455 in currency, a deposit certificate showing that he had \$9487.50 in a bank at Valencia, Idaho, and German literature in his possession, August Matt, a German, was found dead today by two ranchers. Yuma county authorities believe he was a spy. Why he was hanging to a tree is yet an unsolved mystery.

In his possession were letters written in German, the authors residing at Los, Okla., it was said. Authorities in the Oklahoma city were notified to trace the letters.

Smith, a German chemist, identified the body as that of a mysterious German who asked him for information about the Laguna dam, which supplies water to the city. The German also inquired about the amount of hay and grain in the valley. Smith said. The man came to this section about two weeks ago.

Interest was added to the case today with the arrival of J. P. Dillon, United States marshal for Arizona, who began an investigation. Facts in the case will be forwarded to the department of justice at Washington.

The body was found near Gadsden, four miles from the Mexican border.

SAN FRANCISCO, Jan. 15.—Federal officials announced today that the trunk of Adolf Bollmann, German spy suspect and draft dodger, who escaped from the Department of Justice officers last Saturday, followed by his arrest has been found in Los Angeles. They declared that the trunk disclosed further evidence indicating that Bollmann, who was formerly bartender in the German home here, was active in alien enemy plots.

They refused to state where the trunk had been found or if they had secured any trace of the fugitive in Los Angeles.

MAN IS SENTENCED

Manuel Peter, 29, who believes he is being superstitiously punished for being a Jew, was sentenced today to 10 days in jail for an indecent exposure of his body to a group of children in a public place. After sentencing, the judge ordered Peter to change his name to Peter, whose true name is Peter.

At the Hercules powder works because he gave a name not on his list, and when applying for work he was out on probation at the time. As the county jail he was influenced by religious workers to tell all his past and revealed to the police for any of us to be had sent seven years in prison in the end.

San Diego was given the body, probably on pleading guilty to a burglary charge, and A. G. Dafford pleaded guilty to passing a bad check on Philip Sedgman.

ARMY DICTATORS TO RULE RUSS

(Continued From Page 1)

von Kuehlmann, the foreign minister, will be compelled to resign.

The Socialist newspaper Vorwarts was quoted as saying that the outlook for a military dictatorship, with Von Hindenburg as dictator, is stronger than ever before.

The Deutsches Tages Zeitung of Berlin states that Count von Bernstorff, former German ambassador to the United States, has arrived in the German capital and that he is holding important conferences with the Kaiser, the Crown Prince and former Chancellor von Bulow. He may have a place in the new government if it is reorganized along militaristic lines.

The high command of the army has been demanding the government's attitude on Russo-German peace terms, and the Liberal press in Berlin expresses deep dissatisfaction over the existing situation. This information was received from Berlin today. The Berliner Tageblatt was quoted as saying:

"The situation is absolutely impossible. It means that the political government is now controlled by the military."

The crown council is believed to have committed itself to a policy of annexations and to have decided upon stern repressive measures against the Socialists and their adherents because of their moderate peace views.

A Junker controlled government at Berlin would take a different attitude toward Austria-Hungary than the political government has done. This was shown by the information that the crown council discussed the possibility of giving up Austrian soil, but no German territory, to Poland and Ukraine to create two buffer states between Germany and eastern Russia and to weaken the dual monarchy so that the German stranglehold on Vienna would be tightened. As a sop, the government was told that Germany would view with favor the annexation of Rumanian, Serbian and Montenegrin territory by Hungary.

DEADLOCK RENEWED AT BREST-LITOVSK

AMSTERDAM, Jan. 15.—The Russo-German peace negotiations are apparently deadlocked again today, according to despatches received from Brest-Litovsk, via Berlin. The German delegates still insist on the Central powers retaining their grip on occupied territory in Russia.

Following General Hoffman's categorical refusal for the Central powers to evacuate Courland, Lithuania and Latvia for technical administrative reasons, the entire peace sitting adjourned. The date for possible resumption was not fixed.

The discussions on Friday were close to acrimonious. Russian Foreign Minister Trotsky refused to admit as part of the peace agreement the statement, "Resolved. We will hereafter live in peace and friendship."

The Germans declared that complete evacuation by their troops could only follow the Russian demobilization because, owing to the changes in the Russian governmental system, the Russians might suddenly assume the offensive.

In addition, German Foreign Minister Kuehlmann declared that the question of evacuation applied only to regions of Russia which are still a part of the states actually negotiating at Brest-Litovsk, carrying out the previous German stand as to Courland, Esthonia, Livonia and Poland. Later in the proceedings, Foreign Minister Trotsky demanded to know why there were no representatives of the people present and suggested they be invited. Czernin and Kuehlmann postponed discussion of the invitation until later.

ROME, Jan. 15.—According to reliable Vatican information today, Papal nuncios to Austria and Germany have informed Pope Benedict that the terms are no encouragement for peace hopes at the present time.

The Pope, it is understood, will suspend judgment on the peace situation until governmental pronouncements are received.

Presumably the nuncios reported on the peace "crisis" which United Press despatches of a few days ago reported as having been tentatively put out by the Vatican. At that time it was reported the Pope had called attention of the Emperor-King of Austria to the American outline of peace aims as likely to afford possible basis of peace discussion and had suggested that the Austro-Hungarian monarch take up the matter with the Kaiser.

PETROGRAD, Jan. 15.—Russian troops are leaving the Rumanian front in such swarms that the railways are literally overwhelmed. Sixty thousand men on Wednesday last passed one station, according to word received here today. Equipment and rifles are being discarded by the returning troops.

The Bolsheviks today brought six cruisers up the Neva to near Petrograd, presumably to have the guns from these vessels installed in the constituent assembly proves factions.

WOMAN IS SHOT

LOS ANGELES, Jan. 15.—While her two small children watched, her mother, Mrs. Anna Roskow, 35, was fatally shot at her home and is dying today at a local hospital. Sam Tregon, who rented a cottage in the rear of Roskow's home, is alleged to have fired the shots after Mrs. Roskow had remonstrated with him for striking her little son. Engstrom cannot be found by the police.

Pianos, Player-Pianos and Grands

IN OUR CLOSING OUT SALE

The greatest sale in the history of piano selling in the West is nearing the end. The remaining new, as well as used, slightly used and shop-worn Pianos, Player Pianos and Grands now on our floors represent the greatest bargain opportunity ever known. It's now only a question of a few days when the great opportunity will be a thing of the past. Secure a fine Piano now, deposit only \$5 when you call and then take as long as three years in which to pay the balance. Come early! Don't wait! Investigate! See for yourself!

We have on hand some of the costliest styles, and want well-to-do homes at once for the following:

Grands	Player-Pianos	Pianos
CHICKERING—Mahogany case, art style, the world's very finest, new, worth \$1,175, now only \$715.00.	BUNGALOW—Oak case, used a little but in excellent condition. Yours for \$440.00.	DECKER—A fine assortment of mahogany, walnut and oak cases. A strictly highest-grade instrument. Greatly reduced.
WEBER—Mahogany case, used, but in finest of condition. \$400.00.	AUTOPIANO—Mahogany case; the world's finest player piano. Used. \$345.00.	POOLE PIANOS—Absolutely new. Several reduced fully one-third.
HAZELTON—Most superb mahogany art case, worth twice the price we ask—\$690.00.	A large assortment of brand new COLONIAL MODEL PLAYER PIANOS, finest mahogany, oak and walnut cases, well worth \$700.00. Our price is only \$436.00.	CHICKERING—Mahogany case, guaranteed in perfect condition, only \$368.00. Worth \$575.00.
KIMBALL—Mottled mahogany case, used but very little; just the instrument for the refined home. \$415.00.	SMITH & BARNES—One mahogany case and two in oak. Used but little. \$398.00, \$440.00 and \$465. Worth almost double.	STORY & CLARK—Oak case, new. \$278.00.
DECKER—Mahogany case, new, but slightly marred in shipping. We guarantee this to be one of the finest pianos ever shown. Make offer.	NEWTON PLAYERS—Two fine mahogany cases. One highly polished, the other satin finished. \$410.00 each.	STEINWAY—Ebony, used. Now only \$261.00.
STEINWAY—Rich dark case, used, but in first class condition. Will take \$400.00 though worth double.	AUTOPIANO—Mahogany case, Grand Prix model. Now only \$555.00.	We shall also sell the following guaranteed high-grade used but good pianos at very low prices: EVERETT, PACKARD, CROWN, HOFFMAN, NELSON, CHICKERING and numerous others. Some as low as \$30.
Numerous Kimball, Chickering and Hazelton Concert Grands. Used for concert work only. All for less than half price.	Others for \$290, \$330, \$316 and \$398.	DE LUXE UPRIGHT—Mahogany case, now only \$320.00.
	A FEW SELF-PLAYING PIANOS AS LOW AS \$196.	SMITH & BARNES—Finest mahogany case. Now \$296.00.
	All on easy payments	All on easy payments.

Closing Out Sale prices are the cash prices. Same prices to those buying on time, plus additional simple interest.

Your choice is here now to place the great gift of music in your home. 36 months if desired in which to pay the balance. Extra savings for larger cash payments. Liberty Bonds taken at a premium same as cash.

SELLING OUT EVERYTHING

We are closing out the greatest business of its kind in the nation—all Pianos, Player Pianos, Grands, Store Furniture, Rugs, Desks, Stools, Benches, Etc.—Everything must go.

SIX KILLED IN TRAIN ACCIDENTS

BELOIT, Kan., Jan. 15.—Three were killed and eighteen injured, some of them probably fatally, when the Union Pacific's Beloit-Salina special was wrecked three miles east of here this morning.

THIS IS THE DAY OF THE MIDDLE-AGED WOMAN WHO LOOKS YOUNG

Her experience, her ripened judgment, enable her to take advantage of the wonderful opportunities for women which the war has created. But to succeed she must appear young. Grey, streaked with grey, or faded hair gives the look of age and keeps many women from the success they deserve.

If gray hair is your handicap you can easily overcome it with Q-ban Hair Color Restorer just as have thousands of other women. It will gradually bring back all the natural color and gloss and take years from your looks. Q-ban is not a dye, but a delightful toilet preparation—necessity for every woman who understands the value of keeping young.

It does not create the greasy wash or rub off or interfere with washing or waving the hair. Also removes dandruff, keeps the hair healthy and is easily applied by simply combing or brushing through the hair.

Sold by all good druggists everywhere on Money-Back Guarantee. Price 75c.—Advertisement.

A Phone Message

any hour of the business day starts the nearest Chinn-Beretta store to work on new glasses at once when you break your old ones.

All you have to do to avail yourself of such service is to make sure that we have a record of your glasses. If your glasses were made in a place where bring them to one of seven Chinn-Beretta stores and let us record their measurements.

JUDGE MAY USE DICE BOX TO END DISPUTE

That the perplexity of many cases that come before him is such that he is considering using a dice box to decide the controverted issues is the present attitude of Justice of the Peace Harry W. Palfrey, following an all-day wrangle between litigants which started at an auction sale months ago and involved battery charges in the police court.

F. W. French brought suit against W. T. Davis, an auctioneer of 539 Eleventh street, to replevin some tools he had used when he was employed by Davis. Davis put in a counter claim for the price of velvet that had been purchased by Mrs. French at a sale. She refused to accept the goods when she discovered that one material was not what she thought it was. As the result of the controversy her husband quit his job. On that occasion he charged Davis with battery.

"I don't like a draw," commented the judge, "I will throw a bridge over Plum Creek and fell thirty feet. A mail and baggage car turned over, but they already had passed over the bridge. The engine did not leave the track. The wreck was caused by defective rails on the bridge.

The dead are: Joseph Carleton of Beloit, C. W. Cochran of Atlanta, Mrs. Charles Bentley of Concordia, among the more severely injured are:

N. H. Gilliland of Beloit, both arms and both legs broken; J. Ness, brakeman, arm and leg broken; Mrs. Ross Carleton, wife of Joseph Carleton, one of the dead, leg and several ribs broken; Joseph W. Postler, conductor, injured internally.

Every hospital and doctor's office in Beloit is filled with injured persons. Every physician and nurse in the city went to the wreck scene.

LOUISVILLE, Ky., Jan. 15.—Brakes that failed to hold on the snow and ice-coated tracks of an incline car believed today to have caused the wreck in which three men were killed, two probably fatally injured and more than a score hurt. The dead are:

Thomas Alvey, brother of Ed Alvey, well-known sportsman; Thomas Greenwald and L. L. Hagen, Louisville.

The wreck occurred when the Dixie Flyer inbound from Indianapolis, crashed into the rear end of a Kentucky & Indiana interurban car. The flyer was running behind the interurban in a blinding snowstorm.

As the trains started down an incline the engineer set the brakes on the flyer, but they failed to hold and the train skidded at high speed down the incline.

Alvey and one of the injured men dropped through a trestle into the bottom of a ravine 100 feet below.

SPECIAL RETURNS MUST BE MADE

If you pay rent—
If you pay salaries or wages to an employee or employees—
If you pay interest on any indebtedness—

If you pay premiums or other determinable gains—in any sums totaling \$500 or more a year, it will be your duty to pay a visit to the Internal Revenue Collector's headquarters in the Oakland Post-office building to make a true and accurate return concerning the payments made in the last year. This is part of the new income tax law which affects a large percentage of the population, and which is not generally realized.

U. S. Revenue Collector Andrew McDonough stated today that he had received word that the blank forms for this information would be sent to the Oakland office in a few days. He stated that the queries that had come to his office indicated that but a small proportion of the business men and firms who will have to file these statements realize their responsibility.

Anybody paying an office rent, store rent or residence rent of \$50 or more a month must make this return to the government. Anybody paying wages of \$15 or more a week to an employee, whether to a house servant or in the form of a salary to a general manager of a corporation, must make this return to the government.

The return itself is not subject to any tax. It is demanded as an aid to the government in checking the income tax returns of those who receive the rentals, interest, salaries or other form of determinable gains. Penalties are provided for failure to comply with the provision. The law in connection with the returns of information required from individuals, firms and corporations is set forth in Section 23 of the act of September 8, 1916.

TO MEET MONDAY

There will be an important meeting of the United Parents' World's Democracy, 1417, U. S. A. Monday night, January 21, at 8 o'clock in the Municipal Auditorium. The organization business concerns the welfare of the young men who have enlisted in either branch of the United States War Service.

ENLIST GREEKS

SAN FRANCISCO, Jan. 15.—Authority to enlist Hellenic subjects (Greeks) in the United States army was received today from the Adjutant General's office, Washington, D. C., by Lieutenant Colonel John H. Gardner, commanding the San Francisco recruiting district. Greeks

enlist in the army in large numbers. On October 9, 1917, orders were issued by the Adjutant General's office prohibiting the enlistment of Greeks. In the meantime the Hellenic government has been asking the United States army to accept their army to the allies. Now that the restrictions have been removed a rush of

recruiting stations for the army throughout the state is anticipated.

MAN MAY RECOVER
August Tornblom, a drayman, 3844 Telegraph avenue, seriously hurt by being struck by an automobile

driven by R. Anderson, was taken to a private hospital yesterday afternoon, where his condition is reported favorable to recovery. The accident, in which Tornblom received a fracture of the skull occurred on Telegraph avenue and Thirty-eighth street, in the afternoon, when Torn-

WHITTHORNE & SWAN

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

Hurry, Mother! Remove Poisons From Little Stomach, Liver, Bowels.

Give "California Syrup of Figs" if Cross, Bilious or Feverish.

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given. If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that his little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or his stomach aches, diarrhoea, sore throat, cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of his little bowels without griping, and you have a well, playful child again.

Mother, can't you rest easier after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."—Advertisement.

STEFANSSON DISCOVERS NEW ISLANDS

FAIRBANKS, Alaska, Jan. 15.—Several new large Arctic islands were discovered northwest of Banksland in the spring of 1916 by Vilhjalmur Stefansson, the Arctic explorer, according to Captain A. H. Lane, who arrived here last night from the Arctic ocean.

He brought direct news from the expedition which he has been leading since the winter of 1915-16, when Stefansson and his party discovered the new lands for Canada.

The islands Captain Lane reported Stefansson found, it is believed here, evidently lie near a large continent the explorer discovered northwest of Prince Patrick island in 1914. Banksland and Prince Patrick island lie near each other in the western Arctic and northwest of them is a large stretch of frozen waste heretofore unexplored.

The explorer, Captain Lane said, is preparing to make a 200-mile dash over the ice north and west of the western Canadian Arctic coast during the summer of 1918 in search of more new land.

Stefansson intends to leave his present place next April and hopes to reach Wrangell island, off the northern Siberia coast, in July or August. He will spend the 1918-1919 winter on the island and end his explorations by sailing through the Bering straits to Nome, Alaska in 1919.

WIRELESS ON U.S. GUNBOAT USED IN PLOT

SAN FRANCISCO, Jan. 15.—German plotters against England did not hesitate to use an American gunboat to further their plans, according to evidence introduced today in the Hindu revolutionary plot trials by the federal prosecutor.

The government introduced a copy of a wireless message sent by Superintendent W. H. Pace of the schooner Annie Larsen from Acapulco by the apparatus of the United States gunboat Yorktown to Bernard Manning at San Diego, saying that the Annie Larsen had put in for water and that he needed more "charter" money.

This was found among the effects of J. Clyde Hizar, a customs broker at San Diego, identified manifests of the schooner Annie Larsen which had been furnished him by J. B. Bowers and J. Clyde Hizar, enabling them to clear the Annie Larsen with her revolutionary cargo to Socorro island.

Manning then identified Harry J. Hartz, a local shipping broker; Louis Hensler, local millionaire, and Bower, whom the government claims to be Bernard Manning, principal agent of the Hindu party. A court order was asked by United States Attorney Preston and Attorney Theodore Roche, who is conducting the defense for the thirty-one defendants in the present trial, that the jury be instructed to disregard recent newspaper articles which purported to show the former connection of former German Consul Franz Bopp with "General" Nicholas Zogge, Norbert Myles and Charles Draper, arrested by army intelligence operatives in Los Angeles in connection with the shipment of arms valued at \$200,000 into Mexico.

Attorney Roche disclaimed any connection with his client Bopp with Charles Von Petersdorf, former city engineer of Tucson, Ariz., and arrested there Saturday on a charge of conspiracy for violating the espionage act.

HYNES NOT READY FOR STATEMENT

On his return from Oregon today District Attorney Hynes denied that he had been to Portland at all in connection with the E. L. B. Zimmer forged check deal, for which the latter is held at Portland, and refused to make any statement as to the alleged connection of William Hammond of Alameda with the transaction. He says his staff is still looking into the law governing the subject of conspiracy to defraud and the rules of evidence of such conspiracy.

Hynes refused to discuss W. H. Hickey's account of Hammond's part in the deal, except to confirm that Hickey named Hammond as sharing in the transaction at all times and to repeat that County Detective George Helms identified Hammond as the third man at the Sunday meeting at Hickey's house.

Hynes says he understands that the Portland authorities have a very strong case against Zimmer, who was arrested with the \$30,000 forged check.

ably convict him. He does not say whether the Portland authorities have asked for Hammond's arrest or not.

FUNERAL OF BRIDE

Funeral services for Mrs. Elizabeth Harding, wife of Dr. Henry M. Harding, 6531 Tart avenue, were held at St. Augustine church in Berkeley today. Mrs. Harding was a bride of six weeks, who succumbed to pneumonia. She is survived by her husband, her mother, Mrs. Mary Barry, and three sisters, Mrs. W. A. Crowley, Miss Mae E. Barry, Miss Lottie Barry, and two brothers, Frank and James. The remains were interred in St. Mary's cemetery.

ANNUAL BANQUET IS HELD AT HOTEL

The annual banquet and dinner dance of St. Philip's Conclave No. 22 of the Red Cross of Constantine was held at the Hotel Oakland last night. The affair is one of the important early year social Masonic functions, and was attended by many persons high in fraternal circles. The function was also in the nature of a ladies' night, members of the Conclave holding open house for the evening.

The banquet by California State Railroad Commissioner H. D. Loveland of San Francisco, Frank W. Baker, Judge W. H. Waste, John W. Hewitt, M. P. Sovereign and B. A. Forrester. Following the banquet, the evening was given over to dancing, which lasted until a late hour.

The officers of the conclave include: R. A. Forrester, M. P. sovereign; Harmon Bell, emperor; A. F. Edwards, senior general; George P. Foye, junior general; Charles J. Heeseman, treasurer; David E. Perkins, recorder; Herbert L. Breed, high prelate; John A. McBrane, precept; H. C. Caywell, steward; and Hiram T. Hall, herald; William L. MacDonald, sentinel.

PETERSEN NOW MAJOR; SEEKS TO BE GENERAL

Oakland friends of former chief of police, Walter J. Petersen, have received from Camp Kearny word to the effect that he is acting major and is commander of the second battalion of the 143rd Field Artillery as well as captain of E. Battery. As acting major he is taking the examinations for a command as field officer from the rank of major to brigadier-general. Captain Petersen has passed the examinations as given at the Camp Kearny school, and is expected to be sent to Fort Sill, Okla., for his finishing course in artillery work, in which case he will be in France before the present year is very old. The members of E Battery expect to be on their way to foreign soil soon.

C. C. Alexander, former second lieutenant in B Battery of Oakland, has been given his commission as second lieutenant in the regular artillery, and is now on assignment to Fort Bliss in Texas, across the border from Juarez.

EDITOR IS HELD OAKLAND WILL DISPLAY WAR SERVICE FLAG

The city of Oakland will display a war service flag, Commissioner Morse today being authorized by the city council setting on a resolution presented by Commissioner Jackson to purchase the emblem.

According to Commissioner Jackson, there are more than thirty city employees now in the army or navy, the majority of them from the fire department. It is planned to hang the flag with fitting ceremonies when it is ready.

TWO SKELETONS FOUND IN DESERT

NEMES, Jan. 17.—Evidence of two desert tragedies, when two men were either killed by the Coyote band of murderers, who for years terrorized the desert, or who died of thirst, were discovered today in two human skeletons found near Nemes.

One skeleton was found south of Topick on the Arizona side of the Colorado river. The other was found fifteen miles southwest.

Cocoon Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain malintified cocoon oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulitised cocoon oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

Calcerbs

FOR COUGHS AND COLDS

A handy Calcium compound that cures colds, coughs, croup, and throat troubles. A tonic-restorative, prepared without harmful or habit-forming drugs. Try them today.

50 cents a box, including war tax.

SOCIETY GIVES THIRD CONCERT

By Ray C. B. Brown

Maurice Ravel's poignant quartet in E major was the outstanding number of the program of the third concert of the San Francisco symphony of music society. It is a masterpiece. An audience not appreciably larger than those at the previous concerts enjoyed and expressed their appreciation of this masterpiece with warmth. It becomes increasingly evident that Oakland, like other communities, has only a few chamber music, and curiosity over the rare cannot be counted upon to swell attendance temporarily. The quartet is a masterpiece of the art of Ravel's score. There is not a conventional phrase in its measures, not a conventional cadence. The music is a commonplace stroke in the brushing of color. Light plays through it in varying intensity, now shimmering, now sparkling, now glowing. It is a music of the most transient quality of a quickly moving, shimmering, glowing, and changing light. The music is so imperceptibly and magically so great merges in blue and blue to green. Unexpected pizzicato are like the first movement of the quartet in the depths move half-second forms of fluted creatures and waving fronts of weed.

The second movement is a swansong with the sharp iridescence of dragonflies in sunlight. It is swift and colorful and brilliant. The third movement, movement, is subtle and languid by comparison, has glimpses of Raudelairian glow from which the fourth movement flows again to light and iridescent radiance.

The classic numbers—Brahm's trio in E major and the quartet in A major—flute and strings—were given with animated precision. There was only one lapse from the usual imperishable accuracy of the orchestra. The address in the difficult pizzicato of the second movement of the Ravel.

Music is a social bond was the keynote of song and speech last evening at the annual dinner of the Oakland Orpheus, when members and invited guests gathered in the Kew Route Inn to celebrate the entrance upon its twenty-fifth year of the oldest and most efficient organization of male voices in the bay cities. Ernest H. McCandlish was toastmaster and chairman of the evening directing an informal program of talks, recitations, vocal and instrumental solos, quartets

HOLIDAY IS PLANNED TO SAVE FUEL

BULLETIN.

NEW YORK, Jan. 15.—As a means of conserving fuel throughout the Eastern States which have been vitally affected by the coal shortage, it was announced today that Federal Fuel Administrators have recommended that President Wilson declare Monday a holiday throughout this territory for the next eight to ten weeks.

SITUATION WORSE.

WASHINGTON, Jan. 15.—The coal situation is growing even more serious. This is indicated in reports received today by Fuel Administrator Garfield from administrators throughout the Middle West and the East. Everywhere vast shipments of coal that had started to move four and five days ago have been tied up at various terminals, due to the severe weather conditions.

Coal for suffering families and war utilities has the right of way over the national railroad today.

Priority orders issued by Director General McAdoo declare that fuel must be supplied at critical points before any other kind of freight—food, munitions or anything else—is moved.

After the first vital needs for coal have been supplied, then, his orders states, food is to be given priority, and, thirdly, bunker coal for 118 ships tied up in New York harbor by lack of fuel.

All state administrators were notified by Fuel Administrator Garfield today that wherever a shortage in coal or coke is found to exist for domestic use, coal or coke may be diverted to the stricken districts, no matter what its previous routing may have been.

INDUSTRIES RESUME.
CHICAGO, Jan. 15.—Scores of industries turning out food and munitions for the government here were resuming operations today after a shut-down of varying periods through lack of fuel and material.

The 150,000 men thrown out of work in packing plants and steel mills in and around Chicago were employed so effectively in clearing snow from railway tracks that most of the meat producers got under way again today and the munitions plants expected to be operating nearly normal by tomorrow morning.

Earl D. Hunt, assistant state fuel administrator, announced that large supplies of coal were arriving in Chicago and that all consumers soon could fill their usual requirements. Domestic consumers and public utilities will receive their allotments first; industrial concerns and retail dealers will come next.

The situation was aided by the fact that the blizzard which was expected to hit Chicago today had veered to the east, jumping from Tennessee to eastern Pennsylvania over night, and missing this region completely.

Officials of steel concerns in Chicago, South Chicago, Indiana Harbor, Gary and Whiting said that while many would resume work today and tomorrow, in some cases it would require a week to get back to a normal output.

CENTERS FIXED FOR BOOK DRIVE

Although every household will be called upon by an officer of the newly created woman's army, an intimate part of the unit of the National and State Council of Defense, when next Monday the four days' book drive begins, five centers have been selected where the volumes will be assembled for assortment before being taken to the library headquarters at Fourteenth and Grove streets.

The district headquarters are as follows: District 1, Fremont high school, Mrs. C. E. Wilson, collector; district 2, Franklin high school, Mrs. E. J. Koser, collector; district 3, Claremont school, Mrs. George W. Perry, collector; and Lakeview school, Mrs. Frank K. Mott, lieutenant collector.

District 4, Emerson high school, Mrs. Charles Haines, collector; district 5, Lincoln school, Mrs. Newton Koser, collector.

Two days after the personal visit is made by the defense workers, automobiles will call for the contributions of books, magazines and papers. It is estimated that the hundreds of tied in convenient size for handling. The books will be sent to Camp Fremont, the magazines and papers to the new volumes.

Efficiency experts are putting in shape the general headquarters where a corps of trained library workers from the city staff will catalogue and arrange the books for packing. This will be done by a band of high school lads. Stenographers have volunteered their services for the week.

The federal government has asked the American Library association to undertake the task of furnishing the collected men with literature. The funds which were raised in the summer were used for the purchase of technical books. The present call is for recreational reading. Throughout California a drive is in progress. After the local camp libraries are filled, the volumes will be sent to Europe.

Next week has been designated for the book campaign in Alameda county. The Mobilized Women of Oakland have volunteered to do the collecting in Oakland. The organization of the new book drive workers has been hastily completed to test the efficiency of the home-to-home campaign.

Mrs. J. J. Valentine, president of the command of the motor corps, is still making an appeal to owners of automobiles to volunteer to take part in the collecting during the four day period, beginning on Monday.

DOG BISCUIT, SOAP, PANCAKE FLOUR, ALL SOAR

It costs more now to wash-up to keep a dog—or to have buckwheat cakes for breakfast in the morning. When you have your morning bath, the cake of soap you use will cost you one cent more. When you wash the dogs out of your dog, and when you give him his piece of dog biscuit, it will cost you more.

General prices in every line are rising in dog biscuit, of which there is almost none on the local market, and raises in buckwheat flour and other cereal goods of various brands were reported today by the co-operative buying department of the United Grocers' Association. These raises in wholesale prices will mean increases of from one to five cents in retail prices.

The best bread money can buy—MOTHER'S BREAD—ask your grocer.—Advertisement.

IS SONG LEADER

Howard E. Pratt, the well known tenor, choral director and president of the Alameda County Music Teachers' Association, has been appointed by the Y. M. C. A. War Work Council as song leader at Camp Fremont and began his duties this week as instructor at the military cantonment. The duties of his new position will require practically all of his available time, and he will be required to relinquish his post as conductor of the Santa Rosa Choral Society and abandon his classes and private pupils. He will be permitted, however, to continue his leadership of the choir of St. John's Presbyterian church in Berkeley.

"It goes without saying that I am very happy to have this appointment and privilege of service," he said today. "The importance of music in the alleviation of homesickness in the recruits and in sustaining enthusiasm has been

GROCERS TO MEET

Changes in the State compensation laws will be discussed tomorrow night before the meeting of the Retail Grocers' Association, in Odd Fellows' Hall, when the merchants will hear of the new forms of industrial compensation, and will go into details of new protection policies for employees.

Reports of the work of the association's buying department and routine business is also on the program. The meeting will be called at 8:30.

quickly recognized by the officers of the national army, and in the training camps all over our country the men are being taught to sing that they may lighten many a weary march and enliven many a tedious hour of waiting. I am glad to have the opportunity to do my part in helping the boys to be cheerful over there."

LECTURE TONIGHT

"The World's Affairs Down to Date" is the subject of an address to be given tonight at 8 o'clock in Claremont School, College avenue and Birch Court, by Arthur L. Street of Berkeley. This lecture, one of the midwinter series of the Oakland School Department, is a continuation of the series which Street has been engaged to make monthly.

REPORT JAN. 25

Time for reporting statistics on Oakland's birth rate during 1917 has been extended by the State Board of Health until January 25, it was announced by the health department today. In the meantime the department is sending out to every resident a post card "ter-ude of citizenship" to the parents of all children born last year.

W. R. C. PLAN TEA

Apparatus Corps No. 1, W. R. C., will have a social tea at Lincoln hall beginning at 2 p. m. Thursday next. There will be sandwiches, coffee, cake and tea served, for which a small charge will be made, the proceeds to go to the relief fund to cover the expense of the affair.

TO MEET TONIGHT

The regular monthly meeting of the Alameda County Floral Society will be held tonight in Room 105, Hotel Oakland.

AUXILIARY TO MEET.

There will be a meeting tonight in the Beth Jacob synagogue, Ninth and Castro streets, of the Ladies' Auxiliary of the congregation, Mrs. Stone of Chicago will be the speaker, and a large attendance is expected.

SEED POTATOES ARE SCARCE; TRY LOCAL MARKETS

Please don't eat the farmers' seed potatoes!

It wouldn't be patriotic! Farmers from the delta lands today were scouring the Oakland commission markets for seed potatoes. Throughout the river and delta districts "seed" or potatoes capable of use for planting are scarce, and the farmers have come back for the potatoes they sold a short time ago for food supply. They are paying from two to two and a half cents for what "seed" potatoes they can find.

Oakland commission men are busy sorting over their stocks for "seed."

IS KILLED BY AUTO

Marrell, 78 years old, a civil war veteran, was instantly killed at Third and Howard streets this morning when he was struck by an automobile which, after throwing him against the traffic pole, proceeded down Third street at full speed. Marrell, until December 4, was an inmate of the Reformatory. On this date, he received a large sum of money from back pensions and left the home. His address here is unknown. The police are searching for the automobile driver.

NAME SUPERVISOR

SACRAMENTO, Jan. 15.—A. D. Goddard of Sacramento was today appointed by Governor Stephens supervisor in the fourth district, Sonoma county, to succeed Charles L. Patterson.

HOWE FIRM IN DEFENSE OF WIFE

Walter C. Howe of Oakland, husband of the woman who is in jail at Fresno, charged with the killing of William H. Brooks at Porterville, after years of alleged persecution on the victim's part, arrived on the steamer from Buenos Aires yesterday and today is en route to the south to stand by his wife through the coming trial. Prior to his arrival, Howe counsel Attorney Frank McGowan, counsel for Mrs. Howe, that he would do all in his power to aid the woman.

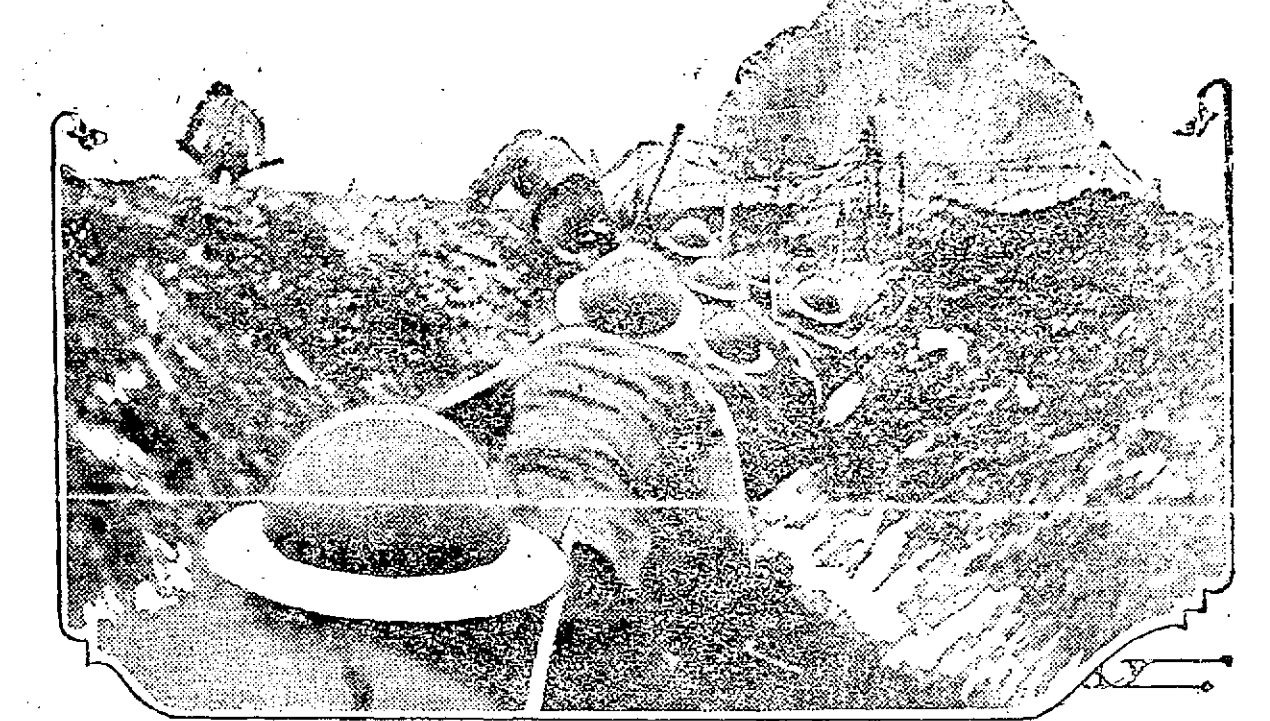

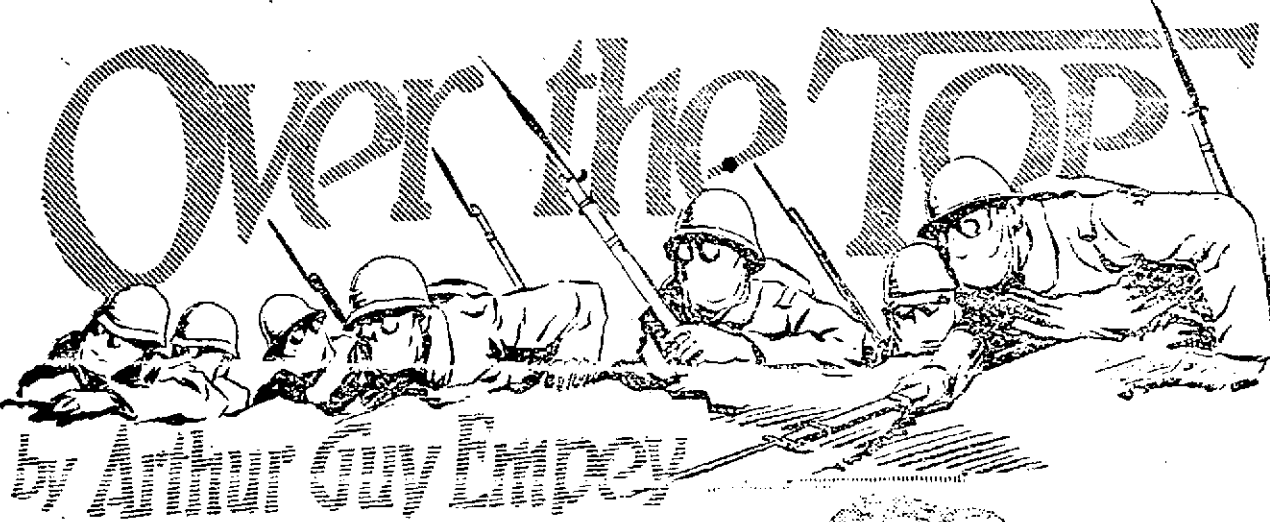

Howe declared upon his arrival that Mrs. Howe had been driven to kill Brooks because of his constant persecution of her following her repulse of his advances in a private dining room in a San Francisco restaurant several years ago. The repulse had aroused Brooks' anger, Howe said, and the man had circulated slanders detrimental to Mrs. Howe's reputation all over the country. He declared his wife had told the truth in regard to her statements of the affair and he would stand with her.

TO APPEAR.
Mrs. Howe will appear in court in Visalia tomorrow, for arraignment. She was to have appeared last week but was unable to be brought into the courtroom on account of a physical and mental collapse. Her husband and Attorney McGowan left for Fresno today to be with her during the arraignment. Howe casts some interesting sidelights on the dead man's relations with his family. He said:

"This whole Brooks affair has been the burden of our lives. It has made Mrs. Howe a nervous wreck. She is a sensitive and refined woman, and this preyed upon her mind so that it practically destroyed her life. 'Brooks and I were boys in San Francisco together, and were connected with the National Cash Register Co. for a number of years.'

IN RESTAURANT.
"After the fire, Brooks met me and stated that he was ruined. I invited him and his wife to my house in Oakland. He remained at our house for a week or ten days, where every courtesy was extended. A short time before the occurrence in the restaurant in San Francisco, Brooks stated to me that he had turned over a new leaf in reference to his association with women and his general conduct, and wanted me to regard him in a new light."

"I once traveled from San Diego to Los Angeles to see if I could do anything to help him. During this time circulating the slanders. When I went into the office where he was he made an effort to get a pistol out of the drawer and shoot me. I told him that I knew that all Mrs. Howe had told on this subject is absolutely true, and yet she has not told half of the torture that she has been put to by the slanders of Brooks. He never did cease to seek opportunities to tell these stories about her, and by his efforts they were told in Dayton, Ohio, where the National Cash Company holds its annual convention of

The Tommies are famous for their raiding parties. They have prepared the way for this little advance by killing practically all the Germans in the opposite trench. Amid bursting German shells they rush out pell-mell and finish the job.

(Continued From Yesterday)
CHAPTER IX.
SUICIDE ANNEX.

I was in my first dugout and looked around curiously. Over the door of same was a little sign reading, "Suicide Annex."

One of the boys told me that this particular front trench was called "Suicide Ditch." Later on I learned that machine gunners and bombers are known as the "Suicide Club."

That dugout was muddy. The men slept in mud, washed in mud, ate mud, and dreamed mud. I had never before realized that so much discomfort and misery could be contained in those three letters, M.U.D. The floor of the dugout was an inch-deep in water. Outside it was raining cats and dogs, and thin rivulets were trickling down the steps. From the airshaft immediately above me came a drip, drip, drip. Suicide annex was a hole eight feet wide, ten feet long, and six feet high. It was about twenty feet below the fire trench; at least there were twenty steps leading down to it. Managers and employees. The people who would hear them would carry them into the various parts of the United States, South America, and Australia, and there repeat them, so that no matter where we would go somebody had the story, always to the mental anguish of Mrs. Howe."

These steps were cut into the earth, but at that time were muddy and slippery. A man had to be very careful or else he would chute the cliffs. The air was foul, and you could cut the smoke from Tommy's face with a knife. It was cold. The walls and roof were supported with heavy square-cut timbers, while the entrance was strengthened with sandbags. On each nail hung a miscellaneous assortment of equipment. The lighting arrangements were superb—one candle in a reflector made from an ammunition tin. My teeth were chattering from the cold, and the drip from the airshaft did not help matters much. While I was sitting brooding my fate, and wishing for the fire at home, the fellow next to me, who was writing a letter, looked up and innocently asked, "Say, Tank, how do you like this?"

I looked at him in contempt, and answered that I did not know. From the darkness in one of the corners came a thin, piping voice singing one of the popular trench ditties entitled: "Pack up your Troubles in your Old Kit Bag, and Smile, Smile, Smile." Every now and then the singer would stop to Cough, Cough, Cough, but it was a good illustration of Tommy's cheerfulness under such conditions.

A machine-gun officer entered the dugout and gave me a hard look. I sneaked past him, sliding, and slipping, and reached my section of the front-line trench where I was greeted by the Sergeant, who asked me, "Where in 'ell 'ave you been?"

I made no answer, but sat on the muddy fire step, shivering with the cold and with the rain beating in my face. About half an hour later I teamed up with another fellow and went on guard with my head sticking over the top. At ten o'clock I was relieved and resumed my sitting position on the fire-step. The rain suddenly stopped and we all breathed a sigh of relief. We prayed for the morning and the rum issue.

**CHAPTER X
"THE DAY'S WORK"**
I was fast learning that there is a regular routine about the work of the trenches, although it is badly upset at times by the Germans. The real work in the fire trench commences at sundown. Tommy is like a burglar, he works at night. Just as it begins to get dark the word "stand to" is passed from traverse to traverse, and the men get busy. The first relief, consisting of two men to traverse, mount the fire step, one man looking over the top, while the other sits at his feet ready to carry messages or to inform the platoon officer of any report made by the sentry as to his observations in No Man's Land. The sentry is not allowed to relax his watch for a second. If he is questioned in the trench or asked his orders, he replies without turning around or taking his eyes from the expanse of dirt in front of him. The remainder of the occupants of his traverse either sit on the fire step, with bayonets fixed, ready for any emergency, or if lucky, and a dugout happens to be in the near vicinity of the traverse, and if the night is quiet, they are permitted to go to sleep and try to snatch a few winks of sleep. Little sleeping is done generally the men sit around, smoking fags and eating what can tell the biggest lie. Some of them, perhaps, with their feet in water, would write home sympathizing with the "governor" because he was laid up with a cold, contracted by getting his feet wet on his way to work in Woodville Arsenal. If a man should manage to doze off, likely as not he would wake with a start as the clammity, cold feet of a rat passed

DRIVER OF ILL-FATED CAR HELD

August Weiske, deputy constable, who drove the ill-fated automobile in which was Constable Morris and three deputies and three San Francisco women and which hit a tree near Walnut Creek injuring two of the party, is held at Martinez today by the Contra Costa county authorities, in default of \$15,000 bail. He was arrested in this city last night on a warrant charging him with driving a machine while intoxicated and taken to Martinez later in the evening.

Mrs. Julia Bradley, one of the victims of the Sunday joy ride, is still in the Emergency hospital unconscious. Her condition is critical, the woman having a basal fracture of the skull. It was announced today that she is showing signs of returning consciousness, but whether or not her injuries will prove fatal could not be determined. William Klatt, deputy constable, who is also in the hospital, is slowly recovering from a head blow which produced concussion of the brain.

Constable Lane has disappeared from his former haunts since the accident. Telephone inquiries to his hotel at Emeryville elicited the information that he has not been home for weeks. Various saloons in which he has been a frequent visitor have seen him not. Sheriff Frank Barnett and Constable Bert Hightower, with their deputies, have been out since yesterday noon trying to round up the missing peace officer, but without avail.

Frank Rivest, a brother of Mrs. Bradley, 261 Hermann street, San Francisco, appeared at the Central Emergency hospital last night to offer what aid he could to the injured woman. He said he knew nothing about the ill-fated joy ride, but had come over from his home when he heard that his sister had been hurt.

WHAT TRIBUNE READERS THINK OF A. G. EMPEY'S "OVER THE TOP"

MRS. GEORGE FAULKNER, 2316 Webster street—All my family are reading it and like it very much. Every one I have spoken to enjoys it. MRS. G. NICKERSON, 4105 Linden street—My daughter reads it and likes it.

MRS. B. J. HOFFMAN, 5121 Yuma avenue—I am reading this story and I have recommended it to all my neighbors. All those who have started to read it very good.

MRS. T. V. SHERVEY, 1280 Seventh avenue—I like "Over the Top" very much. My daughter just called up and asked me to save yesterday's paper for her, as she does not want to miss any of this story. She is greatly interested in it.

MRS. D. SINCLAIR, 1570 Webster street—I am very interested in it. I think it very good.

MRS. M. J. FITZGERALD, 2765 Mantia avenue—All the family read it. The young folks think it very good.

MRS. N. HOVEY, 2011 Cedar street—"Over the Top" is very good, indeed.

MRS. L. H. BRINK, 1214 Court street—We like "Over the Top."

**TOMMY'S
DICTIONARY
OF THE TRENCHES**

"Five rounds rapid." Generally, just before daylight in the trench the order "Five rounds rapid" is given. Each man puts his rifle and head over the parapet and fires five shots as rapidly as possible in the direction of the German trenches and then ducks. A sort of "Good morning, have you seen Peas Soap?"

"Five nine." A German shell 5.9 inches in diameter. It is their standard shell. Tommy has no special love for this brand, but they are like olives, all right when you get used to them.

"Flare." A rocket fired from a pistol which, at night, lights up the ground in front of your trench.

"Flare Pistol." A large pistol, which looks like a sawed-off shotgun, from which flares are fired. When you need this pistol badly it has generally been left in your dugout.

"Flying Column." A flying column of troops that walk from one point of the line to another. In case of need they usually arrive at the wrong point.

"Fokker." A type of German aeroplane which the Roche claims to be the best in the world. Tommy believes this, because our airmen seldom catch them. "For it." On the crime sheet, against a reprimand, on trial, in trouble.

"Four by two." A place of flanked four inches. Tommy's name for a German. He loves a German like poison. Front Line. The nearest trench to the enemy. No place for a conscientious objector. A quick road to Blighty, which Tommy used very often until frostbite became a court-martial offense. Now he keeps his feet warm.

"Full pack." A soldier carrying all of his equipment.

"Full Corporal." A N. C. O. who sports two stripes on his arm and has more to say than the Colonel.

"Fumigator." An internal device at a hospital which cooks Tommy's uniform and returns it to him two sizes too small.

"Funk Hole." Tommy's term for a dugout. A favorite spot for those of a nervous disposition.

FRAIL WIRE IS CURE FOR HIS PESSIMISM

Finding little compensation in the present, a study of socialism, James Holde, 36, father of two children, residing at 4421 Virginia street, climbed a telegraph pole at High and Alameda streets at 11 o'clock today, and fastening a piece of wire about his neck, he secured the other end to a cross-beam and jumped off, expecting to land in eternity, where, he says, he expected to find conditions more desirable. The wire broke and he landed in the Emergency hospital instead, with cuts on his throat and two broken legs.

"I was a fool," he said as he lay on the hospital slab. "I know now that I was a fool—all wrong. I was at war with society and the odds were too great. Now see what society is doing for me, trying to fix my broken body and make me whole again. Sure, I was a fool." The disillusioned man says that he does not believe in the I. W. W. doctrine of anarchy. He simply was disappointed feeling that the reward is not always to the man who tries hardest. He says he is a contracting painter and that up till recently he has been working regularly, but the study of socialism and the attitude of socialist speakers toward existing conditions caused him to decide to end his part in human affairs.

Dr. Lee S. Smith of the hospital staff says that the man's injuries are not necessarily fatal, though he was unconscious until brought to the hospital.

RIGHT IS UPHELD
WASHINGTON, Jan. 15.—The District Supreme Court here today upheld the right of the postmaster general to exclude from the second-class mails the Milwaukee Leader under the terms of the espionage act.

The proceedings were brought by the Milwaukee Social Democrat Publishing Company, of which former Representative Victor Berger is a member, were dismissed.

enemy. No place for a conscientious objector. A quick road to Blighty, which Tommy used very often until frostbite became a court-martial offense. Now he keeps his feet warm.

"Full pack." A soldier carrying all of his equipment.

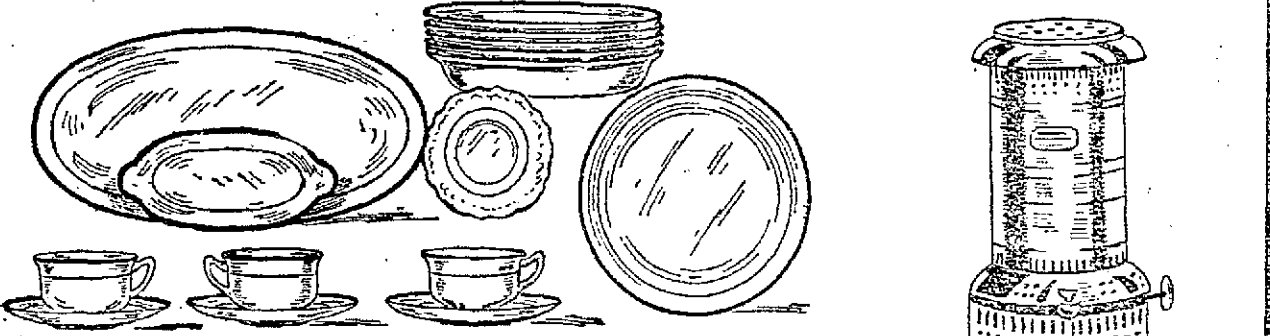

"Full Corporal." A N. C. O. who sports two stripes on his arm and has more to say than the Colonel.

"Fumigator." An internal device at a hospital which cooks Tommy's uniform and returns it to him two sizes too small.

"Funk Hole." Tommy's term for a dugout. A favorite spot for those of a nervous disposition.

From the training camps comes the report this morning that The TRIBUNE'S suggestion for a big field day has been the biggest boost that athletic events have received in camp so far. ²Definite steps are being taken today looking to the formation of a military baseball league for next summer. All of the camps and forts in this section of the State would be entered, according to the preliminary plans. The same plans are being made to cover a basketball competition, and the chances are bright after The TRIBUNE'S big athletic day on Washington's Birthday athletic competition will be in a position to take care of itself in the camps.

DRAW FOR TED LEWIS.
COLUMBUS, Jan. 15. — Ted Lewis and Soldier Bartfield, welterweights, fought a 12-round draw here last night.

PORTLAND, Jan. 15.—Sal of Bill Stumpf of the defunct Spokane Northwestern League Club to Pittsburg may be fought by the management of the Oakland Coast League Club, it was hinted here today.

After the Spokane club hit the rocks the men were scattered all over the west. Stumpf, coming into the season playing gear, ball for Oakland, is getting Stumpf's salary to the end of the season. Many feel that Oakland, having fulfilled Spokane's agreement, should be entitled to the player.

The case of Stumpy and the possible argument over him by Spokane and Oakland is but the first of several that will probably arise in the next few weeks. It is understood that the Northwestern League will demand that all claim to their players unless they paid salaries in full to the end of the season. Rube Gardner, who was paid in August and September, but not for the full season in the Northwestern League and after that organization broke up, may be asked to play with Oakland for the balance of the season.

Stump ended the season believing that he belonged to Oakland. Rube Gardner thought that he belonged to the Northwestern league, although he talked of quitting baseball. But when the report came that the Northwestern League was trying to put through a deal for the sale

The Oakland club is not worrying for there seems no doubt but that the northwestern claim to Stumpf, Gardner, and any other players whom they failed to pay last year will not be upheld.

Leader of Coast Champions
Waiting to See How Men
Feel About Matter.

Jerry Downs, who does not know whether he was manager or player, the first captain of the Seals last year after Harry Wolverton was let out, may be a little more satisfied with the terms of a contract that Jerry Downs will offer him, but Jerry is far as having a club as how he stands as a manager. Jerry and Harry have not been able to get together on the question of a contract for a long time. Several talks and Downs is willing to renew a contract for his old job and Jerry is willing to take it. But, first of all, Jerry wants to know just what is to happen to his teammates when the club is sold. They are sent out and they will not be mailed.

If Jerry is satisfied that he will have a club of selected ball players, he will be satisfied. He will not want to be as much manager as Henry Wolverton. He will want to have authority to have around. Jerry will run the playing end of the game, but his authority will be limited.

But if Jerry sees that the promised cure is not going to be so deep as to give promise of his physical condition, he is going to stick to the automobile business.

As a result, the Seals are still up in the air as far as their 1918 leader is concerned. Corhan and Pick are also in the running for the position, but the chances are that neither of them will take the job unless the conditions that Downs asks are in evidence. The stock-

Volley Ball and Rifle Shoot Among Events on First Day's Program

The Oakland recreation and playground department has arranged a notable array of sports events for the three days of the Sportsmen's and Outing Exposition which opens in the Municipal Auditorium tomorrow afternoon. The exposition is for the benefit of the city's playgrounds and is sponsored by the Oakland Lodge of Elks.

Children will be admitted to the Auditorium for ten cents while the grown-ups will pay twenty-five cents.

The following interesting program for tomorrow, Thursday and Friday after-

school team of 17th; track events of 70-85-pound boys. Open to all playground events in each weight as follows: Relay (4 men team each running 100 feet); 100 feet.

Girls' athletics—German ball, Park Boulevard Athletic club; Longball, Emerson playground; curtain ball, Longfellow playground; 100 yard dash, Fremont high school.

VOLLEYBALL TOMORROW

Tomorrow night the business and professional men, members of the local Y. M. C. A. volleyball class will clash with the sportsmen of the city. The class is very popular among the business

WEDNESDAY.

Boys' activities—00-pound basketball. Col. Fairfield; basketball relays, Lincoln, Park and Washington; basketball, Lafayette, Grant and others; tug-of-war, Oakland high school vs. Tech.

Girls' activities—Girls' nine court basketball, Golden Gate vs. Cole; Black and White basketball, Golden Gate vs. Tech; basketball, Bushrod Athletic club, volleyball, Bushrod Women's Outdoor club; car and technical high school vs. University, high.

Men's classes at the rifle and the fairs tomorrow night will introduce some of the association's speediest players.

RIFLE TOURNAMENT.

The association's rifle tournament under the auspices of the Shellmound Pistol and Rifle club begins at 5 o'clock tomorrow night at the Shellmound Pistol and Rifle shooting gallery on the second floor. The tournament is open to all amateur marksmen. More than 50 men have already announced their intention to participate in the event. The tournament will be held from 5 o'clock on every evening except Saturday and Sunday. The rifle range is located at the Shellmound Pistol and Rifle shooting gallery on the second floor.

THURSDAY.
Boys' activities—10-pound basketball, Piedmont vs. Grant; 12-pound, Farmington high school vs. University high school.
Girls' activities—Volleyball, Mosswood Women's Outdoor club vs. Tompkins Women's Outdoor club; nine court basketball, W. W. W. vs. W. W. W. Outdoor club vs. Golden Gate Women's Outdoor club; square relay, De Fremery Athletic club; boys' drill, Oakland high school.
FRIDAY.
Boys' activities—10-pound basketball, Littlewood playground vs. Cedar Vista playground; 12-pound, W. W. W. vs. W. W. W. school team of 16th, pulls winning record at 2 o'clock in the afternoon.
BASKETBALL AND TENNIS.
The basketball and tennis football five and the local Y. M. C. A. Girls will clash in a scheduled game Thursday night, 7:30. The girls' basketball team of the California State doubles champions, will play Roland Roberts, junior Pacific coast champion, and Axel Craven, University of California.
An archery shoot introducing the Greenwood men, headed by W. J. Cunningham of San Jose, will be held at the arrow shooters, will be a feature of Friday night together with a fire eating and a relay race. The event, which will be under the direction of Dr. F. Webster.

Lefty James Wants to Go to Sacramento

PORTLAND, Ore., January 15. — Peaved because he was not included in the list of players to be loaned, Lefty James was turned over to Sacramento, Fletcher Lefty James threatens to quit baseball for good if he is not loaned to the Northwestern League this season.

As a brackman out of Portland and is single, and there is a probability that he will be in the Army

will be led by a player who has yet to win his varsity letter in that sport.

Captain Dan Foster of the football team was the only varsity candidate for basketball honors on the campus when the first semester ended, and Foster is in the service of Uncle Sam. Captain Floodberg, who was elected team leader last year, heads the basketball team, took the United States service train shortly before school closed, along with one of the most promising players of the year, "Jap" Symes. Before Floodberg, Bill Embury, who left for France last year, was the team's star.

During this week they will elect a captain of the year will be elected, and he will not be a varsity letter man.

Walter Christie has had with his basketball material, the U. C. coach looks for the possibility of a team to make the game has had in California. Without the necessity of arranging the schedule of ranges to fit the Northwest Conference schedule, the U. C. center will be free to play the California and Nevada colleges. Christie has done a little scouting, and the visitors will use

W. T. DAVIS & CO., Auctioneers.

MARKET COMMENT

Another rise in prices, with the new shipment that arrived today, marked this morning's trading on the commission market. The price of the new crop of cotton advanced, according to varieties.

Heavy demand for good polsters was another factor in the market. There was very severe weather in the cotton producing regions, particularly for American growers, which brought 2 1/2 to 3 cents. Orleans sold at a little less than 2 1/2 cents and the crop was placed at 2 1/2 the fact that many consignments started spinning.

The regular demand was not heaved, and the

Supply extremely light. WARD ducks dropped
 in price quite more.
 Ducks—California. Niles, Sunkist, \$4.50
 95-100 choice, \$1.25-45; others, \$1.40-4.75
 according to size; Fauschicks, \$1.75-2.10 large orange
 and 1.50-2.00 small.

LEGAL NOTICES.

NOTICE OF TRUSTEE'S SALE OF
REAL ESTATE.

Whereas, Arnold E. Needham and Edith L. Needham, his wife, did execute and deliver to E. M. Atkinson a deed whereby certain real property hereinafter described to secure certain indebtedness from said Arnold E. Needham and Edith L. Needham, his wife, said E. M. Atkinson, which deed of trust is dated the 11th day of December, 1913, and was

1913, in Volume 2210 of Deeds of Page 343, in the office of the County Recorder of the County of Alameda, State of California.

Whereas, Default has been made in the payment of the indebtedness secured by said mortgage, and the same has been made in the payment of the principal sum of Six Hundred Dollars (\$600.00) and of interest thereon to the said County of Alameda, State of California, on October 1st, 1917, upon the promissory note for said sum of Six Hundred Dollars referred to in said deed of mortgage;

Now therefore, Notice is hereby given that in pursuance and by authority of the terms and conditions of said mortgage, the trust herein designated will, on Thursday, the fourteenth day of February, 1918, at the County Court House doors on west side of Broadway, between Fourth and Fifth streets, in the City and County of San Francisco, State of California, sell the said real property hereinbefore described at public auction to the highest bidder in gold coin of the United States, gold coin, the same being

ing situated in the City of Oakland in the County of Alameda, State of California, and bounded and described as follows:

Commencing at the point of intersection of the City of Oakland street and running thence northerly along said westerly line of Market street forty-one (41) feet; thence at right angles westerly one hundred thirty and 1/2 (130 1/2) feet; thence at right angles northerly one hundred thirty and 1/2 (130 1/2) feet; thence at right angles easterly one hundred thirty and 1/2 (130 1/2) feet to a point on the line of the said lot numbered seven (7) according to the map entitled "The City of Oakland, California, as shown on the Plat of John Egan, in Block and Lot, in the County of Alameda, State of California," filed August 18th, 1888, in the office of the County Recorder of said County of Alameda.

Dated: January 14th, 1918.

W. M. ATKINSON,
Trustee under said deed of trust.

ANNUAL MEETING

EAST BAY WATER COMPANY.
The regular annual meeting of the stockholders of the East Bay Water Company, of said county, was held at the principal office of said corporation, said principal office being situated on the southeast corner Broadway and Ninth streets, in the City of Oakland, County of Alameda, State of California, in the building known as the Water Company Building, on Monday, the 25th day of January, 1918, at the hour of 2 o'clock P. M. of said day, said meeting being called by the directors to serve for the ensuing year, and for the transaction of such of the business as might come before the meeting.

S. M. MARKS,
Secretary of the East Bay Water Company.
Held January 25th, 1918.
Principal office, Water Company Building, southeast corner Broadway and Ninth street, Oakland, Cal. 170
